In 2006, Mt Properties became a division of Alex Orthopedic Inc., a company dedicated to providing quality daily use and fashion designer canes to the Home Healthcare Marketplace.

The acquisition is in keeping with Alex’s strategy to create a single source of high quality Retail Home Healthcare Products for the dealer to pass on to the consumer.

Since this merger, we are moving aggressively to deliver the most possible value to our customers. This partnership expands the offerings of Alex Orthopedic Inc, to now include an expanded cane line in addition to our extensive orthopedic, pillow, durable medical equipment, hosiery, and diagnostic products.
